

# END OF WEEK ONE AT GREAT BEDWYN SCHOOL

## 4.9.2015

**WE HAVE BEEN PLEASED THIS WEEK TO WELCOME ALL OF OUR NEW CHILDREN. SOME IN OTHER YEAR GROUPS BUT MOST IN OUR NEW RECEPTION CLASS. EVERYONE HAS SETTLED BRILLIANTLY -SO WELL DONE EVERYONE!**

### ***AFTER SCHOOL CLUBS***

From this term if your child attends an after school club (and its outdoors), IF THE WEATHER IS BAD THE CLUB will NOT BE CANCELLED! The children will be kept in school and you should pick them up either from class 4 or 5 at the normal end of club time. Check both rooms. you can of course come to collect them early but this will save lots of parents wondering if the club is or isn't cancelled, there will therefore be no need for parents to phone and check

### **CHILD PROTECTION TRAINING**

As a staff we are undertaking our training next Thursday 10<sup>th</sup> September 3.30-6.30. We would like to invite all CRB/DBS checked parents and helpers to this session. It is useful and very informative. If you would like to come along please let the office know.

### **Very important information about illness and your child.**

We now have 2 children at our school that have serious illnesses. It is therefore crucial that if any child in your immediate family has been in contact with or showing signs of childhood illnesses such as measles, chickenpox, mumps or many of the other things that children pick up that you inform the school!

It is particularly important to follow the Health Protection Agency guidance for sickness and vomiting. This states that children must be kept off school for 48 hours AFTER the last episode. We have always tried to enforce this as this can spread so quickly through both children and then staff, now it is even more important.

### **Sue Brady Meals Ordering**

Please be aware that the school has nothing to do with the ordering system. We have been asked to remind parents that you must ensure that your online order is up to date with the current class number otherwise mistakes are happening. Thankyou
